My dear Dr. Watson.

A german M.D. now
residing at Monterey, Mexico
wishes to sell some sets of plants,
either of the orders as far as
the ferns or as well of the Alseu
Lichens and Fungi except the fleshy
Agarici.

I do not know whether you
are buying such things but I
wished to give you a chance. The
price would be 5 ets per hundred

and I should expect the speci-
mens to be free and good. We
should have to pay the freight
from Monterey.

Kindly let me know
your decision in this matter
and believe me

Yours sincerely
W. M. Aubrey

Dear Dr. Felt

Do you want the speci-
mens? I have no objection to the exchange.

Yours truly
W. M. Aubrey
